

## Quirky QWERTY Facts I

The first 6 letters on the top row of the keyboard are QWERTY.

The most frequently typed letters in English in order of popularity are 'e', 't' and 'a'.

The spacebar is the most typed key on the keyboard being used between each word.

The 10 most common words typed in English in order of popularity are: the, be, to, of, and, a, in, that, have, I.

The word "qwertyuiop" which is the top row of the QWERTY keyboard, was the first word sent by email and now appears in the Oxford English Dictionary.

When typing, the fingers travel approximately 1 mile (1.6 kms) for every 10,000 words.
